Last Great Day

Brethren, at the time that I was preparing this sermon for the Last Great Day — and that will be the subject today; it will be about the *Last Great Day* — here in America, America is preparing to celebrate a time of freedom, and it's called here the Fourth of July, is when it takes place. And most, but not all, of America appreciates the freedom that we have here in this country. But it is a time of celebration that will take place every year at this time.

And this reminds me about what we are here celebrating at this Feast, the Last Great Day. And it's much about freedom for those who will become in God's Family. And it will be about those who have accepted God's offer to become free from this physical body. And that's something that brings about a time of celebration for you and me – but not all, as we know. But for those who accept God's offer, it will be a time of celebration at the end of this day.

God tells us that freedom from this physical life comes without pain, without suffering, and with no more crying. And this human brain cannot comprehend such a time, but God had it written, and we'll look at that today.

So, let's begin in the book of Revelation, Revelation 21, and we will look at what God had written for you and me at this time. Because it's our time now while we are upon the face of this earth. So, let's look at Revelation 21:3 and see what John wrote.

Revelation 21:3—And I heard a loud voice from heaven saying, Behold, the tabernacle of God is with men, and He will dwell in them (better said), **and they will be His people. God himself will be with them and be their God**.

And let's notice what will take place. God says this to those who will become in His Family: **He will wipe away every tear from their eyes. There will be no more death. There will be no more sorrow and no more crying. There will be no more pain, for the former things will have passed away**. And after 7,100 years, this will take place. God had it written, and His words are true, so we understand that this will take place.

Verse 5—Then He who sat upon the throne said, Behold, I make all things new. And we will look at making all things new a little later. **And He said to me, Write, for these words are true and faithful. And He said, It is done. I am Alpha and the Omega, the beginning and the end. I will give of the fountain of the water of life freely to him who thirsts. He who overcomes will inherit all things, and I will be His God, and He will be my son** …and daughters, as we know.

And with everything that we just read about, no more pain, no more suffering, no more crying for an eternity, brethren. So we can understand why this day, this Last Great Day, that we are here celebrating.

And at the end of it, it will be a time of great rejoicing for those who become in God's Family. And that is when God's plan for all physical beings is completed – at that time.

God, as we know, had a plan for man from the beginning. And as we know, He created the angelic realm and angelic beings before He created man. And we know this story. And this Feast day pictures what happens to some of those angelic beings that rebelled. And we will find their demise at the end of this day, this Last Great Day. They will receive their fate at that time.

The lake of fire will consume the angelic beings that rebelled against their Creator. And the rest of mankind that rebelled against their Creator will also end up in this lake of fire, and they will be no more.

So, now we will see the beginnings of what God has in store for those who will become Elohim when they are in God's Family. And it will be a new time for them, brethren, and they will now be in a new body, a spiritual body. No more lying, no more drama, no more pain, and all those things that we just read about that we experience in this human body.

And our minds, as I said, cannot at this time comprehend such a time. But God says that it will come to pass. And that's what this day is about, bringing it all to an end, brethren. So, God tells us about this time, but there's little written in God's book about this Last Great Day in scriptures, but we have understanding because God lets us see, even though it's like looking through a dark glass.

God allowed the 7,100 years, as we know, for mankind. And from the re-creation of this earth of man, the time that man was created until the time of the ending of this Last Great Day, God has allowed those whom He used to give us some insight about what this Last Great Day entails.

So, God does not want anyone, spirit or physical beings, to be lost. But we understand that it's better for some that they just go away forever. So, God will come to see so much of His creation go by the wayside in that lake of fire.

I'm sure, until Satan rebelled, God and Lucifer at that time had a relationship. And we will turn over to Ezekiel 28, and we'll look at some of what Ezekiel wrote about this being. So, at this time, let's turn over to Ezekiel 28, and we will review what God said.

Ezekiel 28:12. We can find what God says about a beautiful creation that He, God, created. **Verse 12—Thus says the Lord God, You were the seal of perfection, full of wisdom and perfect in beauty. You were in Eden, the garden of God. Every precious stone was your covering**. And the example that is used is expensive stones. And it's an example to show you and me of the excellence that God used when He created this being. And that's what Ezekiel is expressing here.

And let's notice. It goes on to name all these stones: **The sardius, the topaz, the diamond, the sapphire, the turquoise, the emerald, the gold. And the workmanship of your timbrels and pipes was prepared for you on the day that you were created**. God says also that Satan, Lucifer at that time, “was the

anointed cherub who covers." God said that He "established him." God said that he "was on the mountain of God." God says that he "walked back and forth in the midst of the fiery stones."

Verse 15 tells us what God had written about Lucifer. Let's notice. **You were perfect in your ways from the day that you were created till iniquity was found in you**. And then we know he became an adversary. So, we can see that God says here that there was a time that Lucifer was perfect in his ways, until he rebelled against his Creator.

And this Last Great Day pictures a time that this book tells us about, and it's about those that rebel against God by not accepting His offer to have eternal life with all the benefits that come without being in this physical body – the pain, the suffering, and the crying. And we can live for an eternity without any of these things that plague this physical body. And it's hard to comprehend such a time.

But for those who will not accept God's offer, it's part of what this day is about. It's about them. And all will end up in that lake of fire that do not accept God's offer, because of the rebellion that will take place. And this is the story throughout God's book. It's been rebellion upon rebellion, brethren, rebellion in the spirit realm and rebellion in the physical realm. But it's now at the end of the day to put all rebellion to an end. And that's much about what this day is about.

And when this takes place, it will now be as it is now in America, as this Fourth of July takes place and a lot of celebration takes place. So, we understand that it will be a joyous time for God's Family when these are no more.

So, this Last Great Day has a lot of meaning as God's plan for peace finally comes about for His Family. God put His plan in place, and as I said earlier, it has some hard parts of God's plan; it has to take place as this lake of fire unfolds. But God understood when He created the spirit realm and the physical beings upon this earth. He understood what it would take to bring about peace for an eternity.

God understood that many, because of the free moral agency that we have, the freedom to choose, that that would be the downfall of so many, and not all would accept God's offer to have eternal life for an eternity.

At the conclusion of the 1,000-year reign upon this earth of Joshua the Christ and 144,000, this is when the Last Great Day will begin, and this is when a massive, massive resurrection will take place. And it will be a resurrection back to life again for mankind, those who have died. The Last Great Day reveals that God is a fair and just God.

We understand that judgment is now upon the Church of God, but this Last Great Day is now when judgment is upon all of those that will be brought back to life during this massive resurrection that will take place at the beginning of this last great day.

The religions of this world never speak about this time because it speaks of a second death, and they have no answer for this. But we do have an understanding about this time inside this great day.

So, let's turn over to an account in Revelation 20:6. And this is where it mentions this second death. **Revelation 20:6—Blessed and holy are they who have part in the first resurrection**. And we understand that's about the 144,000. **Over such the second death has no power**. Because the 144,000 are now spirit beings. **…and they will be priests of God and of Christ, and they will reign with Christ for a thousand years**.

Now let's back up to **verse 5—But the rest of the dead did not live again until the thousand years were finished**. We understand that this resurrection of the rest of the dead takes place at this great White Throne resurrection after the thousand-year reign of Joshua the Christ. They will be raised back to physical life. And because they already experienced physical death once during the 6,000 years, they now face a possibility of another death, a second death. And a second death is only possible, brethren, if there has been a second life.

The Last Great Day is a time of judgment that is upon them. Each person will be judged according to the decisions they make during their second life. For most of them, it will be their first opportunity to choose whether they want God's offer to them.

Revelation 20:11. My Bible heading says, “The Great White Throne Judgment.” And we understand that is what it's about. It's about judgment for them now.

Revelation 20:11—Then I saw a great white throne, and Him who sat upon it, from whose face the earth and the heaven fled away, and there was found no place for them. And I saw the dead, small and great, standing before God.

So, this will be a wonderful time as we see those that we know. And we will know some, brethren, that come up in this. We will have loved ones that come up in this resurrection: fathers, mothers, brothers, sisters, and friends that we've known for some time. And some will be even those who have walked side by side with you and me.

So, there are some exciting times during this 100 years for you and me. Can we imagine seeing some of those of our lineage through time, our ancestors, those during the time of Christ that will be brought back to life, and those of old…and be able to talk to those? So, it's a wonderful time upon this earth when this will take place, this resurrection.

And God had a thousand-year reign of His Son upon this earth to prepare for this massive, massive resurrection. Can you imagine what the earth will look like that has been prepared by Joshua the Christ and 144,000? Can you imagine what it will look like with no more wars, no more destruction for a thousand years, only building to make everything beautiful? And that's the world that they will be brought up in.

And it says books were opened. **Another book was opened, which is the book of life, and the dead were judged according to their works by the things which were written in the books**. I think we know which books will be opened.

And it says, **The sea gave up its dead who were in it, and death and the grave delivered up the dead who were in them, and they were judged, each one according to their works**. So, for 100 years, each will have that time to become fully atoned to the Great God of this universe. That will be made possible for them.

So, this 100 years is about those who will accept God's offer and those who will not accept His offer. So this gives us understanding about those who will refuse God's offer. And we know what the end results will be for those. They will end up in what God calls the lake of fire, never to live again, never to have life of any kind anymore. So, this will end the existence for them.

And God's lake of fire will end Satan, Satan's existence also. As we know, just as we know about all of this that is in our future, it brings to mind about the Apostasy that took place in God's Church. All of us knew that an apostasy would take place. And I remember so many saying, "I would never leave God's Church." And we all understand and know what took place, how massive that actually was.

So that brings to mind what Ezekiel wrote about a third, a third, and that last third, and a tithe that was left. So, it's a reminder for you and me to never be so confident that it could not happen to you and me.

Brethren, there is much beyond a thousand years that must take place after that great resurrection. And it is so massive as to how many will rebel against their God, even as Christ and 144,000 have been upon this earth teaching mankind the correct way to live, with God's laws being in effect, and the Sabbaths being kept. It's hard to comprehend up here how so many will not want God's offer to them.

So, at this time, I want to quote something that Ron wrote:

> "Satan's rebellion did not catch God off guard, just as the death of His Son was not an event unforeseen by Him. From the very beginning of time as we know it, God knew that both of these events would occur. Yet this does not mean that God caused or predestined them. Rather, in His perfect wisdom, He understood what free moral agents would eventually choose and planned accordingly. Everything He purposed from the moment He created the angels has been centered on mankind and the lessons we must learn in order to eventually become a part of the God Family. It is difficult for the human mind to grasp the power of such an all-knowing God and His infinite wisdom."

So, this rebellion and the rebellion of God's Church did not catch God off guard, brethren.

> "These two rebellions are deeply connected because both involve a rejection of truth that God had revealed. Since this book centers upon the Messiah and God's plan surrounding Him, it is important to

understand that the Feast of Trumpets that announces the events leading to Christ's second coming are also preceded by this second great apostasy.

God gave prophecy that a falling away would occur within His Church shortly before Joshua the Christ returns as Messiah and King. That apostasy was given as a prophetic sign marking the beginning of the final countdown to Christ's return. That apostasy has already occurred."[1]

…as we know. So, we are on a countdown to the return of God's Son to this earth. It should bring you to your knees to understand where we are in time. We are inside that countdown.

Now, back to the Last Great Day. As these two rebellions give us insight into what happened to Lucifer, who became Satan in his rebellion, he will bring about with his influence upon those that are resurrected at the Great White Throne, that when he is released, so many will rebel with him when he is released… just for a short time.

It's a hard thing to understand after Joshua the Christ had been here with the 140,000 and have reigned upon this earth. And this is knowledge that everyone… And yet this rebellion will still take place, even with all that knowledge.

So, there is much to take place during this hundred years that you and I don't actually give a lot of thought to – only at this time of the year. But rebellion will take place, and it will be massive.

So, we believe God and what He has written through His servants. But just as knowledge of an apostasy was known does not mean that knowledge alone will save one, as we witnessed. We witnessed that very thing, those who lived through the Apostasy. So it will be at the end when so many will be caught up in the rebellion once again when Satan is released for a short time.

Ezekiel wrote about Lucifer and what happened to him. And he wrote (and I'll just quote it), "Your heart was lifted up with pride because of your own beauty." So, it's about how great Lucifer became to see himself, and it was in his own mind that this took place.

Ezekiel wrote, "You corrupted." In other words, he destroyed his mind and he became deceived. And he "deceived the nations that will be in the four corners of this earth"—and it's "called Gog and Magog" because of what they did—"to gather them together to battle." And this is massive as it says, "whose number is as the sand of the sea."

All of this is inside this Last Great Day, and mankind will be no more, and Satan will be no more when it all comes to fruition. God's Holy Days are exciting when we understand God's purpose for such an incredible plan that will span 7,100 years. This time span of human existence is revealed through these Holy Days that you and I keep every year.

Then, what lies beyond that is out in all that we can see through these telescopes, is even more incredible, brethren, when we look through those pictures that come back from those telescopes. And you've heard me speak about those telescopes, and I began with the Hubble Telescope when I started just dipping in a little bit. But now we have so much more powerful telescopes. We have things floating around that take pictures.

So, when the Last Great Day comes to its end, now it will be only those that will be composed of spirit out of all of mankind. Can you only imagine what's in store for those who become spirit beings?

When I see these pictures of these black holes that are just swallowing up massive stars, and if you ever look at these pictures, I've always wondered where everything that goes into that black hole, I wonder what happens to it. They say that it is so compressed that it becomes like a straight arrow, so to speak. But I think some have got to go through somewhere else, and I've always wondered what will be on the other side of those black holes.

And there are massive black holes out there, and there are hundreds, maybe thousands of them, brethren, and there is one massive black hole that is 26,000 light-years from Earth. I know we have mathematicians in this Church, but if you can comprehend this, I need to talk to you. I need to speak to you because this brain will never comprehend such massive numbers. And this is only the tip of the iceberg for what's out there.

So, for you and me, this speaks to how far above man's mind God's mind is. Just to see that part of creation that is out there. It's so massive, brethren, that is out there. One of these black holes is called 'Sagittarius A'. And like I said, there's hundreds, and maybe thousands of them out there.

And the European Space Agency wrote this, and it says, "If a star travels too close, it's stretched," just stretched "out like an arrow and quickly torn apart." That's how powerful these black holes are. "Astronomers believe black holes begin as a star that is much bigger than our sun" — let's notice, this is what they wrote — "at least 15 to 20 times the mass of our star." You're speaking about the sun, brethren. Can you imagine 20 times the size of our sun? And that's just the tip of the iceberg.

So, God does not reveal what's in store for you and me after the 7,100 years, but we can see through these powerful telescopes just a glimpse of what is out there. And we know that God is a creating God, so we understand that there's a lot of unfinished business that is in outer space.

And I'm sure that there will be some exciting times ahead as God begins to reveal some of His plan to His Family after the Last Great Day is fulfilled, when all are in a different body, a spiritual body. If we remember, Christ went back to His Father and back so quickly, and then he was back upon this earth, eating and speaking. Ron just went through a series about this.

And hopefully, everyone sitting in this room will be able to find out what God's plan is once they are in a spiritual body.

And so, I spoke about a time in America, that it's a time of celebration for most. Not all. And it's the same here. It's a time of celebration as these beings will never be able to harass us again, those who will be in God's Family. They will now have come to their end, and they will not be a part after this Last Great Day, after this day is fulfilled for them.

And it's at the end of this day, a time of celebration for those during the hundred years as they have now entered God's Family. Everyone who will be there is now here, and they are now spirit beings for an eternity. Only God possesses eternal life in Himself, and only He can grant everlasting life to others; only He has that power. And this is that time for those during the 100-year period of time, for Him to grant that life to those who will be a part of His Family.

God's 7,000-year plan for human existence reaches completion at the last of this great day, and now a new plan for the Great God of this universe will begin for His family. What is in store for those who are resurrected as spirit beings cannot be comprehended at this time with this physical mind. It is beyond human comprehension.

But this we do know, that God has a plan, and that plan will be more exciting because what existed in mankind no longer plagues God's creation of His Family. God says no more crying, no more pain. God says no more human nature, no more Satan and his crew. Hopefully, utopia is finally here.
